

SUCTION AND VENTILATING HOSE FOR CORROSIVE MEDIA UP TO +350°F

Master-Clip PTFE-H-EC

Material

Hose wall double layer:

Inner layer: PTFE-film, electrically conductive

Outer layer: Hypalon®-coated polyester fabric

External helix: galvanized steel

Applications

- Dangerous areas, where electrical conductivity is demanded
- Pharmaceutical industry
- Chemical industry
- Paint, wood, and paper industries
- Extraction of corrosive media, explosive gases and vapors
- Under increased mechanical performance
- Solvent extraction
- Low pressure applications
- Areas with raised safety requirements
- Ventilation and suction in accordance with safety requirements

Properties

- **Surface resistance $R_0 < 10^6$ Ohm**
- **Electrically conductive**
- Excellent chemical resistance
- PTFE: harmless to health
- Excellent weather resistance
- High temperature and cold resistant
- Highly flexible
- Extreme compressibility 1:4
- Small bend radius
- Vibration-proof
- Extra strength outer hose wall
- Inner wall with non-stick surface
- Excellent flex fatigue resistance
- Good tear strength
- Good UV/ozone resistance
- Optimum flow characteristics
- External steel helix protects against abrasion
- Special clamping method guarantees high tensile strength between hose material and external helix

Construction

1. External helix
2. Outer layer: Hypalon®-coated polyester fabric
3. Inner layer: PTFE-film, electrically conductive

Temperature Range

- -40°F up to +350°F
- Intermittent to +375°F

Chem. Resistance

- See resistance table

*Referring to the inner side of the elbow of hose.

The above mentioned data refers to an average and ambient temperature of 68° F. Subject to technical changes and color variations. Please refer to technical data sheet when selecting hose.

Standard Production

- Diameter: 2.6" to 36"
- Color: black
- Standard lengths: 25'

Available on Request

- Special lengths up to 50'
- Custom design with other pitches and helix sizes
- External helix also in stainless steel
- Special diameters metric

Installation and connection possibilities

Clip-Grip special hose clamp

Hose connector

Hose reducer, symmetrical
